The TVET industrial attachment program liaison book is an essential tool for liaise both school and industry during workplace learning. It must be regularly and carefully completed by the TVET learner, company supervisor and TVET teacher as required.

This interactive book serves as an essential document that the learner must always have in his/her possession to record his/her daily performance and progress during industrial attachment program. It should be handed over to the company supervisor for regular checking and to the school supervisor upon visit.

This liaison book contains the following

In this liaison book, you will find 8 different documents:

- The information on trade's competences;
- The learner's attendance sheet that should be signed every day;
- The weekly report sheets filled on daily basis to report the activities performed, the tools and equipment used;
- The Industrial attachment program school supervisor visit form, which will be completed by TVET teacher upon visit;
- The Industrial attachment program (IAP) company supervisor's evaluation form;
- The interview guiding questions which could be taken as reference at the end of the industrial attachment program (IAP) by the panel made of at least 2 teachers and the company supervisor, to assess the performed activities and the industrial attachment program (IAP) gained experience;
- The learner self-assessment sheet, which assesses his/her satisfaction with the industrial attachment program period;
- The industrial attachment program (IAP) participation interview form to guide the learner in preparing the interview.

If you need clarifications on how to use these documents, if a learner is facing any problems during the IAP, headteacher and supervisor are available to provide support. They are both responsible for preparing and following up the IAP implementation.

II. Information on competences

The following table is completed by the TVET school teacher to define the IAP program and specific practices to be performed by the learner as per curriculum.

Starting date_____

ending date_____

No	Specific competences	Activities to carry out
1.		1. Collect surveying data
	Perform Surveying data collection and	2. Interpret surveying data and set out
	setting out	3. Record as built data
2.	Perform steel bar works	1. Perform steel bars preliminary works
		2. Make steel frames
		3. Perform closing works
3.		1. Perform sand equivalent test
5.	Perform Aggregates' Tests	2. Perform flakiness index and elongation test
		3. Perform aggregate crushing value test
		4. Perform aggregates impact value test
		5. Perform Los Angeles test
		6. Perform coarse aggregate water absorption
		test.
4.		1. Perform preliminary works
	Perform Cement concrete works	2. Perform concrete mixing
		3. Perform concrete casting
		4. Perform post concreting works
5.		1. Perform Sieve Analysis Test
5.	Perform Full soil identification and	2. Perform Moisture Content Test
	insitu dry density test	3. Perform Specific Gravity Test
		4. Perform Atterberg Limits Test
		5. Perform Proctor Test
		6. Perform CBR Test
		7. Perform In Situ Dry Density Test (sand
		replacement)
6.		1. Perform preliminary works
0.	Perform Non bituminous pavement	2. Construct rigid pavement
	construction	3. Construct cobble stone
7.	Perform Non-bituminous pavements	4. Perform site investigation
/.	maintenance	5. Perform Demolition works
		6. Perform defects repair
8.	Perform cement tests	1. Perform standard consistency test of cement
0.		2. Perform setting time test
		3. Perform soundness test
		4. Perform cement compressive strength test
		5. Perform specific gravity test
		6. Perform Cement Bulk density test
9.	Perform Drainage system maintenance	1. Perform site investigation
۶.	r errorini Dramage system maintenance	2. Maintain an open channel drainage.
		3. Maintain the subsurface drainage
10.	Perform Concrete tests	1. Perform slump test
10.		2. Perform compression test

		3. Perform Rebound hammer
11.	Apply Do-nou technology in earth road	1. Prepare the site
	maintenance	2. Prepare the foundation layer
		3. Establish base layer with Do-nou bag
		4. Establish the wearing course
		5. Maintain Do-nou Road
12.	Apply Technical drawing	1. Produce views of public works structures
		2. Produce sections of public work structures
		3. Produce three dimensional drawings of
		public work structures
13.	Apply Basic Technical Drawing	1. Identify drawing materials, instruments and
		equipment
		2. Use drawing, materials, instruments and
		equipment
		3. Interpret Lines and Symbols
		4. Apply drawing scales, dimensions and
		lettering
		5. Draw figures, solids and projections
14.	Public Works Hygiene and Safety	1. Maintain personal hygiene
	Precautions	2. Identify construction public works hazards
		and emergencies at Workplace
		3. Maintain construction public works
		instruments
15.	Establish Road Signs, Marking and	1. Apply road marking
	Crush Barriers	2. Install road signs
		3. Install crash barriers
		4. Clean up
16.	Construct unpaved Roads	1. Plan and prepare relevant works for unpaved
	1	road construction
		2. Prepare Subgrade
		3. Construct gravel wearing course
17.	Conduct field excavation works	1. Select materials, tools and equipment
		2. Prepare site for excavation
		3. Carry out excavation works
		4. Clean up construction work place
18.	Construct drainage structures	1. Prepare for work
-	6	2. Excavate trenches
		3. Construct drainage system structures
		4. Apply erosion control method and cleaning
19.	Perform masonry works	1. Set out structure
		2. construct stone masonry
		3. construct brick masonry
		4. lay pavers and pitches
20.	Describe Public Works Resources	1. Describe the construction materials used in
		public works
		2. Describe tools, equipment and facilities
		required for public works
		3. Identify team composition for public works
01	Perform unpaved road Maintenance	1. Prepare for work.
21.		
21.	[Γ	2. Perform routine maintenance
21.		 Perform routine maintenance Perform periodic maintenance
21.		2. Perform routine maintenance 3. Perform periodic maintenance 4. Perform emergency maintenance

		2. Prepare workplace
		3. Construct stone masonry retaining wall
		4. Construct Gabions
		5. Construct honey combs retaining wall
		6. Construct a Reinforced concrete retaining
		wall.
23.	Set out Road Alignment	1. Prepare for work
		2. Set levels
		3. Delineate road profiles

IV. i. Weekly report sheet – Week 1

This weekly report sheet is to be filled every day by the learner, based on the IAP plan of activities and tasks assigned by his/her company supervisor. It is a tool for the learner to keep track on the work performed and the used resources. It is a supporting tool for the teacher during the IAP final interview, to check the work performed and the tools used during IAP.

V. IAP school supervisor's visit form

4 Very Good

3 Good

1. General observation

5 Excellent

Rank these elements related to the IAP implementation with a brief explanation by ticking to the number corresponding to the statement describing your observation as follows:

1 Fair

2 Sufficient

NO	Observation during visit	1	<u>⊦</u> 2	Ranks	4	5	Comments
A. Con	ipany engagement	_			-	J	
а.	<i>The schedule of IAP activities is established and communicated</i>						
<i>b</i> .	The learner communicates with the company supervisor						
С.	IAP activities are recorded timely in liaison book.						
B. Lea	rner engagement						
<i>d</i> .	Attendance is regularly recorded						
е.	Learner is engaged and have access to company's equipment and tools						
f.	Achievement of expected outcome						
g.	All performed activities are relevant to the IAP expected outcomes						
h.	Learner contributes to the overall outcomes of company production						
C. Wor	king environment		•				•
<i>k</i> .	Companies' rules and Regulations related to IAP are communicated						
l.	Emergencies/Special cases are handled effectively						
т.	Hazards are controlled						

2. Any other observation/recommendation during IAP visit

3. Authorized person for follow-up/monitoring:

No	Name	Function	Date of Visit	Signature

VI. IAP company supervisor evaluation form

Read carefully the statements below relate to your experience with the learner, and make a decision by ranking his/her performance from "0 to 5". This is howthe number should support your rating:5 Excellent4Very Good3 Good2 Sufficient1 Fair0 Poor

A. Technical competencies (30 points)

Job routines The learner operates job routines in accordance with the occupational norms (with supervision)		Points						
		1	2	3	4	5		
The learner cleans the work station and stores tools/equipment after use								
He/she knows and applies the relevant procedures and techniques								
He/she knows and respects the different stages/steps of a working process								
Sub-Total 1	out of 15		15					

Use of tools and equipment	Points							
The learner adequately uses the materials, tools and equipment (with supervision)		1	2	3	4	5		
The learner adequately selects materials, tools and equipment								
He/she uses materials, tools and equipment without hesitation								
He/she maintains, tools and equipment								
Sub-Total 1	out of 15							

B. Appropriate attitude at the workplace (60 points)

Individual attitudes		Points							
The learner has developed the expected individual attitudes at the workplace	0	1	2	3	4	5			
The Learner is punctual									
He/she has a sense of responsibility and hard working									
He/she has shown some initiative									
He/she has shown the willingness to improve									
Sub-Total 1	out of 20								

Interactive attitudes The learner has developed the required interactive attitudes at the workplace		Points							
		1	2	3	4	5			
The learner is a team-worker									
He/she has good interpersonal communication skills									
He/she has acquired some self-confidence									
Sub-Total 1		out of 15							

\sim	•		1 1	· • •	•
	rgani	zationa	1 S	K 1	S

The learner has developed the required organizational attitudes	0	1	2	3	4	5
The learner can work according to a schedule						
He/she can plan some tasks						
He/she uses resources efficiently (without waste)						
Sub-Total 1	out of 15					

Rules and regulations The learner complies with the rules and regulations		Points							
		1	2	3	4	5			
The learner complies with personal protective rules and regulation									
He/she respects hygiene, safety and security regulations at the workplace									
Sub-Total 1	out of 10								

C. Quality of work (10 points)

Work relevancy		Points							
	0	1	2	3	4	5			
The learner complies with orders from the clients or instructions from the supervisor									
The learner completes tasks with respect to the time allocated									
Sub-Total		out of 10							
Learner Overall Performance		out of 100							

Company supervisor's comments (Observations and ideas on how to improve the TVET IAP)

VII. Learner self-assessment sheet

Please answer the following questions honestly. This questionnaire is not part of the IAP module assessment. It will help improving the TVET IAP and training system.

Were your expectations met during the Industrial Attachment Program?	All	Some	Very Few	None at all

	n from school to work setting.
	pired me to practice work ethics in my daily tasks.
Others:	wing any ditions of your workplace? Diago tick the applicable items
Lack of safety measures.	ving conditions at your workplace? Please tick the applicable items.
	ial relationship with work mater
	ial relationship with work mates.
Inadequate tools and equipment	
Lack of supervision and suppo	ort from others.
Unclear job description; Tasks given were not related t	a may anon of training
Lack of opportunities for profe	5
Failure to see dignity and valu	
	p, indiscretion, abuse of benefits, privileges, etc.)
Lack of sense of morality amo Other conditions:	ong work mates
Always Very rarely	onitor and address your Industrial Attachment Program-related concerns?
	he most during your Industrial Attachment Program? Please tick one or more
Applying my theoretical know	0 1
Conducting similar tasks like	a regular worker workmates and gaining learning experiences from them
	workmates and gaming learning experiences from them
I Uthers (please name them)	
Others (please name them)	
	ce and support your rating with a brief explanation.

TVET IAP Liaison book _2025Page 15 of 22

At the end of the Industrial Attachment Program, you will make a short presentation along the questions mentioned here below. You have to hand in the supporting document (the liaison book) to your teacher at least one day before the interview.

The interview takes place at the TVET Centre. The jury is composed of at least 2 teachers and the company supervisor.

Criterion 1: Technical competencies	Score					
	0	1	2	3	4	5
• Can you summarize the main activities of your Industrial Attachment Program?						
• What equipment did you use during this Industrial Attachment Program?						
• What activities planned in your Industrial Attachment Program you did not do? Why?						

Criterion 2: Attitudes		Score									
	0	1	2	3	4	5					
• What difficulties/challenges did you face during your Industrial Attachment Program? How did you resolve them?											
• What attitudes do you think you improved during the Industrial Attachment Program?											
• What activities did you do well? What did you not do well? What do you still need to improve?											

Criterion 2: Quality of work	Score					
	0	1	2	3	4	5

• Among the tasks you realized, describe in detail one of them and how you completed it.			
• What was your clients/colleagues/supervisor feedback regarding your work?			
• During your Industrial Attachment Program, did you complete all the tasks you were given? If not, why?			

Criterion 1: Optional questions	Score					
	0	1	2	3	4	5
• What new activities did you do?						
• What did you find interesting during your IAP? And what is your career plan?
